

BEST PRACTICES OF THE COLLEGE

1. Vocabulary build up for students. Most of the students of this college come from non-English medium schools and are often found to be introverts, shy when asked to talk in public. To enable them overcome this hurdle a word a day programme is introduced.
2. To ensure the completion of syllabus according to the academic planner of each department every month the head of the Department conducts a meeting with the faculty members and the completion of Syllabus is kept track of. The students are also asked if they have any difficulties which are also taken into account while redistributing the Syllabus.
