

Institutional Distinctiveness

Date: 04/02/2025

Maharaja Bir Bikram College, Agartala, Tripura embraces Institutional Distinctiveness through its commitment to sustainability and digital innovation. In 2023-24, initiatives like Green and Sustainable Campus, Real-Time Air Quality Monitoring, and the Smart KIOSK Information Board enhanced environmental consciousness, smart governance, and seamless digital access, reinforcing the college's role as a progressive institution.

1. Green and Sustainable Campus Initiatives:

M.B.B. College hosts a unique Local Bamboo Structure E-Auto Stand, established as a pilot survey project by the Agartala Municipal Corporation. This eco-friendly initiative promotes sustainability and supports green transportation. As an Institutional Distinctiveness, it reflects the college's commitment to environmental consciousness and community-driven urban planning.

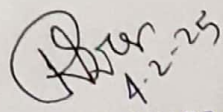

2. Real-Time Air Quality Monitoring for a Greener Future:

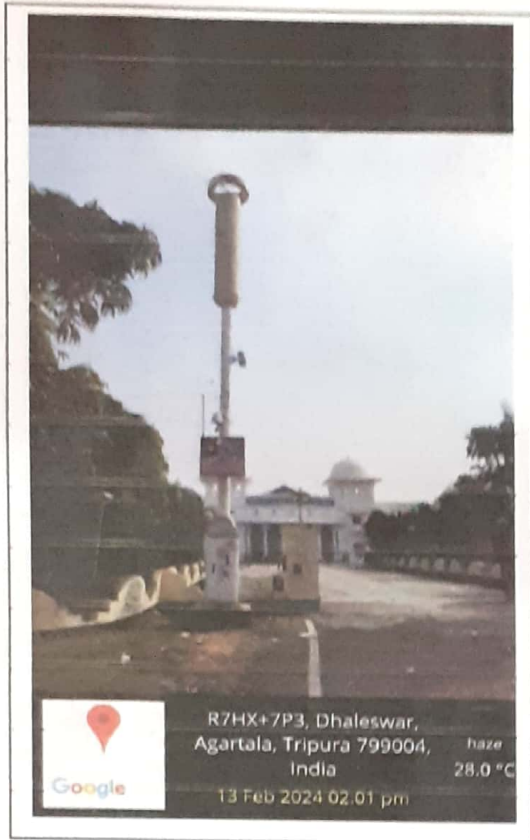

M.B.B. College features an Air Quality Level (AQL) Information Board, installed by Agartala Smart City Limited under the Urban Development Department, Government of Tripura. This vital initiative provides real-time air quality data, fostering environmental awareness. Recognized as Institutional Distinctiveness, it underscores the college's commitment to sustainability and public health.

3. Smart KIOSK: Gateway to Digital Information:

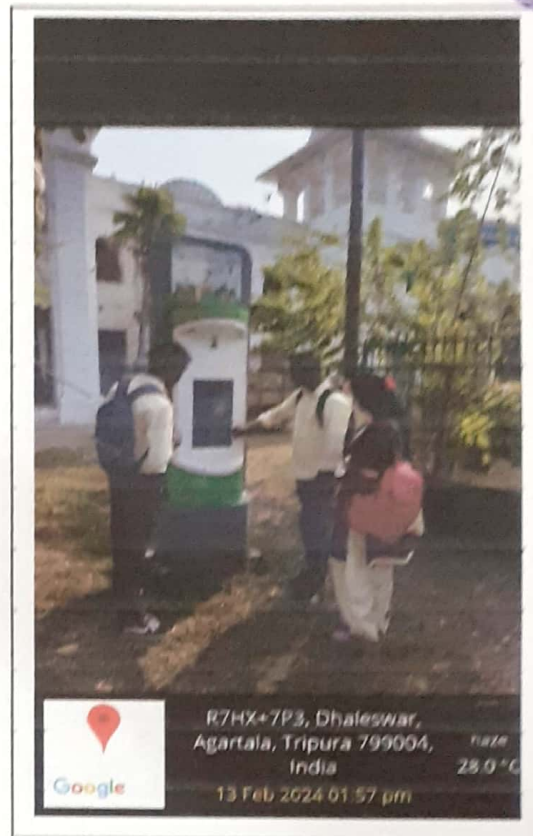

M.B.B. College features a KIOSK Information Board, installed by Agartala Smart City Limited under the Urban Development Department, Government of Tripura. This essential digital platform provides easy access to State Government updates, College Digital Notices, and the College Website. Recognized as Institutional Distinctiveness, it enhances transparency, efficiency, and digital connectivity for students and stakeholders.

These initiatives showcase M.B.B. College's dedication to a greener, smarter, and tech-driven campus. By integrating sustainability, air quality monitoring, and digital accessibility, the college fosters environmental responsibility and efficient communication, strengthening its Institutional Distinctiveness and commitment to holistic development, innovation, and student-centric advancements.
